Dear user,

Thank you for joining our giveaway.

Below is the guide for you to activate the Licensed Copy of WinX DVD Copy Pro.

Step 1: Install the setup file and run it on your computer. Then you will see the main interface as below.

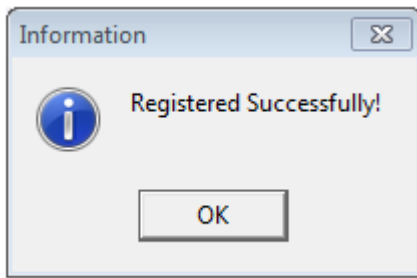

Step 2: Click "Register" button in the toolbar. You will get the following interface.

And then please:

a. enter your registration info in the box of "License Code".

b. click "Activate". Then, you will get a prompt message to confirm that you have successfully registered the software.
